ISSUES 1

Xiaoli: Uh, could you turn that down please? So what are you doing today?

Amjit: Hey?

Xiaoli: Just chilling again yeah?

Amjit: Yeah.

Xiaoli: You are wasting your time just sitting here, and watching tv. You should get to class and do something useful.

Amjit: Ah, nailed it already.

Xiaoli: I'll catch you later on.

Amjit: Okay, later.

Lecturer: Okay, it's great to see all of you here on time today. Let's pick up on last week's discussion about communicating clearly. Remember if your team does not know what you need them to do, then your management will fail.

Xiaoli: Hey Kathy!

Kathy: Hi oh my god are you studying marketing or weightlifting?

Xiaoli: Going home?

Kathy: Yes, I cannot be bothered being here anymore.

Xiaoli: Did you even study?

Kathy: Nope. Let's go watch CSS.

Kathy: Hey Amjit.

Amjit: Hey.

Kathy: We're gonna watch CSS, can I uh have the remote?

Amjit: No I'm watching this. Hey, can I have that back please?

TV noise: I think you've got the wrong party I think maybe you've got the wrong party doc. The name happens to be Damian, this happens to be a case of murder. Take a look at that newspaper. I want to know what's going on, it's my house and I've got to know. Sorry madam we'll talk to you later. As long as I've been here there's... never been plenty what you're going to find out.

Kathy: Definitely not suicide, doesn't add up.

Xiaoli: Do you think this program is really helping you with your study?

Kathy: Yeah, but you know I was in class the other day doing forensic analysis and I suggested that we'll be able to enhance the image. Everyone laughed, even the lecturer. Felt so stupid.

Xiaoli: You mean, you can't actually do that?

Kathy: No, well not artificial enhancement anyway. Like, you can zoom in but that's a bit different. Do you know when you see on the tv and they've got like these crappy little pictures and then they enhance them and then all of a sudden they're crystal clear.

Xiaoli: Well I don't know that, it sounds like you're picking it up pretty quickly.

Kathy: Yeah, it's so embarrassing though. I don't know if i can be bothered with this anymore.

Xiaoli: Oh hi guys!

[Kathy and Amjit]: Hi. Hiya.

Xiaoli: Oh, Amjit you already so happy today what's going on?

Amjit: No I'm not.

Xiaoli: Oh, what's up, come on?

Amjit: Nothing!

Xiaoli: Are you looking at girls?

Amjit: No I'm not!

Xiaoli: Oh come on, come on tell me tell me just tell me.

Amjit: You want to see what I'm looking at? Okay come on I'll show you what. I got my assignment results back for neural networks. 72.

Kathy: You do nothing.

Amjit: Natural selection babe, some have it some don't.

Kathy: Don't belittle me you little [bleep]

Amjit: Right I'm out of here, gotta celebrate. Hunt me some weed. See you later babes.

Xiaoli: Hey. Hello. Oh, you're working!

Kathy: Do you fancy a night out?

Xiaoli: No, it's only Wednesday.

Kathy: Oh, come on. It's two for one night.

Xiaoli: You know I don't drink. I've got a lot to do honestly.

Kathy: You've always got loads to do. Come on, I'm meeting Lana. No. Hey Lana, you okay? What? You're messing with me right? Well, yeah. Change of plans. I'm staying in.

Xiaoli: Okay I will come. I think I could do with one night out to be fair.

Kathy: Thank you, thank you, thank you.

Xiaoli: But I don't drink. You can make a fool of yourself on your own.

Kathy: You're a stick in the mud, but you're the best. Can we leave in an hour?

Xiaoli: Oh okay um I'm gonna take a shower first, you always take forever.
